Notes: All 2018 numbers are very preliminary, and should not be compared to previous years. Enrolled figures for 2018 represent current accepted offers until June 1. Starting on June 1, enrollment (term activated) is reported until late August.

The low income completed applications are based on income information submitted on the FAFSA.

The low income offers are based on income information from institutional methodology.

The "At Least Partially African American Enrolled" category includes all students who chose African American as at least one of their races.
