ENHANCING THE UVA ENVIRONMENT, CULTURE, AND RESPECT: RESOURCES IN PLACE*

*The many constituents within UVA and the surrounding community influence our daily life. Following is a list of resources that may enhance the environment, culture, and respect within our greater community. It is not exhaustive and instead attempts to present examples of what is currently in place. Input on what may be missing or needed is appreciated.

Marcus L. Martin, M.D.
VP & Chief Officer for Diversity and Equity

ENVIRONMENT AND CULTURE

Many constituents within UVA and the surrounding community influence our everyday life, our culture, environment and respect. Culture and environment are at the very center of our interlocked community which comprises: pan-university administration, schools and deans, faculty, staff, students, alumni and surrounding community.
Diversity Statement
“Diversity stands with ethics, integrity, and academic excellence as a cornerstone of University culture. The University promotes an inclusive and welcoming environment that embraces the full spectrum of human attributes, perspectives and disciplines. When people of different backgrounds come together, they exchange ideas, question assumptions, (including their own), and broaden the horizons for us all. A University of Virginia community rich in diversity affords every member equal respect and provides a forum for understanding our differences as well as our commonalities.”

PRESIDENT
